## RAIL ROAD HEADS REJECT COMPROMISE

### VOTE OVERWHELMINGLY NOT TO ACCEPT BROTHERHOOD'S SET- TLEMENT PLAN

New York, Aug. 24.—The association of railway executives by vote of 254 to 4 Wednesday rejected the proposal's of the big five train service brotherhoods that the carriers and the nation-wide shopmen's strike by reinstating the men with seniority unimpaired, and Bert M. Jewell, official spokesman of the strikers, declared the association had closed the door to peace and voted for a lockout to smash unionism.

At the same time, splitting away from the majority, was a group of 25 railroads, principally western lines, which debated a new suggestion of the brotherhoods that individual settlements be effected.

This minority, while professing to stand with the majority in reaffirming the stand on seniority, still indicated that it desires to hear further regarding the individual settlements.

Hale D. Holden, president of the Chicago, Burlington and Quincy, who attended a meeting of the minority after the general membership of the association had ended its session, joined with members of the majority group in denying that there was a split.

"There is no question of a split," he asserted. "The railroads are all standing pat on seniority and any individual settlement will have to be made in the light of that understanding."

The day's proceedings may be outlined as follows:

1.—The association met as whole Wednesday morning, almost unanimously decided to continue its stand against restoring the strikers with their ranking unaffected and directed its committee, which met last week with the brotherhood chiefs, to draw up a resolution embodying the decision.

2.—The committee submitted the resolution after the noon recess and after its adoption left for the grand central station and transmitted the message to the committee representing the running trades, who have stepped into the shoes of mediators. These mediators, before going into conference, issued a statement asserting that the strike must be settled because the public demanded it, and setting forth that "the crews who now operate the trains from that part of the public which knows best why a settlement must come."

**HOME COMING AT  
KIRKSVILLE CHURCH**

Next Sunday, August 27th, will be home coming at the Kirksville Christian church. Rev. Frank Tindler, the pastor, with his efficient committee, is getting things in readiness for a large crowd of visitors. Dinner will be served on the grounds and several speakers of note are expected to be present. Besides, a special program has been arranged by those in charge which will be well worth hearing. All members of the church are urged to come and lend their assistance in the entertainment of the guests. Friday evening the Christian Endeavor Society, who have met with splendid success in their work, will entertain with a water melon feast to which all the members are cordially invited to come.

**NEXT MOVE  
UP TO SHOPMEN**

Now up to the shopmen, said representatives of the Big Five brotherhoods after a conference with a committee representing twenty railroads on the proposition affecting separate settlements between the individual roads and the striking shopmen.

**Rail Heads and Brotherhoods  
Still in Conference**

New York, Aug. 24.—Representatives of a score of railroads and Big Five Brotherhood chiefs are in conference here today on the possibility of affecting a separate agreement between individual lines and striking shopmen. Warren Stone, spokesman for the Brotherhoods, merely said "We are still mediating." He declined to further discuss the meeting which is surrounded with utmost secrecy.

**BALDWIN**

Mr. Norman Harvey, who has been sick for some time, died the first part of the week at his home in Indiana. Friends in this community were sorry to hear of his death.

Mr. and Mrs. Martin Shifflett and son Earl, Miss Hazel Shifflett and Mrs. Ottie Johnson spent Sunday at College Hill the guests of Mr. Algin Horn.

### CRUDE OIL PRODUCTION DECREASES

(By Associated Press)

New York, Aug. 24.—The daily average gross crude oil production of the country decreased 11,750 barrels for the week ending August 19, according to a summary of the American Petroleum Institute made public today. There was no change in price for the major districts. The figures show two and a quarter million barrels were imported during the same week.

### EXCHANGE CLUB TO DISCUSS M'KEE ROAD

The Exchange Club met at noon in the Glyndon Hotel Wednesday and in the absence of Pres. R. L. Telford was ably presided over by Vice President R. H. Embree, who conducted it in an interesting and entertaining manner.

Rev. Will Hyndman, of Aurora, Illinois, was the Club's guest and his address on "Mental and Physical Development of Man" was a work of art and thoroughly enjoyed by a large membership.

A musical committee was appointed to furnish songs for the club at each meeting and to lead the club songs. This committee is composed of the following members: W. L. Arnold, chairman, Henry L. Perry, Judge J. D. Goodloe and Rev. O. O. Green.

The national convention at Louisville September 25 to 27 will have as its representatives from Richmond Pres. R. L. Telford, Henry Perry, Harvey Chenuault, Elmer Deatherage and E. V. Elder. Many others expect to go and will give Richmond a live vote and will make Exchange from all over the United States know that Richmond is on the map.

Exchange O. O. Green is preparing a paper on "The Code of Ethics of Exchange Clubs." This paper will receive recognition from the Educational Committee of Exchange Clubs of Michigan, as well as other clubs in the country.

The part that the local club will play in the McKee road will be the main topic of discussion at the meeting next Wednesday and it is hoped that every member will be present to take part, so that the club can have an active interest in this great project for the upbuilding of the community.

**WANTS VOLSTEAD

(By Associated Press)

Washington, Aug. 24.—A resolution calling for the resignation of Representative Volstead, chairman of the House judiciary committee, was presented in the House today by Representative Timcham, of Massachusetts. It first was tabled and then expunged from the records. The resignation was asked, the resolution said, because he was aiding in the last election by the Anti-Saloon League.

**Story of Collins' Tragic Death**

(By Associated Press)

Dublin, Ireland, Aug. 24.—A graphic story of how Michael Collins was killed was related here today by a boy member of Collins' party. The boy said Col-

lins' automobile first met five of the ambushers. He said there were at least 250 of them against 12 in Collins' party. Collins directed his men to take to cover. During a lull in the firing Collins noticed a sniper approaching and went toward him. At that moment heavy firing swept the road from both sides. "The next moment," the boy said, "he saw Collins fall, shot through the head. As he lay dying he shouted words of encouragement to his men not to mind him. Although bleeding from a terrible wound, he lived 15 minutes during which he continued to fire his revolver."

### COAL PRICE JUMPS AT ILLINOIS MINES

(By Associated Press)

Springfield, Ill., Aug. 24.—Central Illinois coal operators today announced an increase of \$1.25 a ton on coal. The mine workers' officials termed it "plain profiteering," because, they said, there has been no increase in wages.

**Cool Concerns "Getting Theirs"**

(By Associated Press)

Lansing, Mich., Aug. 24.—Coal concerns close to the Federal Fuel Administration are "getting theirs and getting it first," Wm. Potter, State Fuel Administrator charged today on his return from Washington where he endeavored to obtain greater allowance of priority coal for Michigan. Potter declared the public is not in control of coal which is being daily offered at exorbitant prices, he declared.

### FUEL DISTRIBUTING AGENCY PROPOSED

(By Associated Press)

Washington, Aug. 24.—Establishment of a Federal Fuel Distributing Agency to meet the present coal emergency, and extension of broad powers to the Interstate Commerce Commission with respect to issuing embargoes and priorities, was proposed in a bill introduced today by Senator Cummins, of Iowa, chairman of the Senate Interstate Commerce Commission.

The bill would create the office of Federal Fuel Distributor, who would be empowered to determine facts relative to fuel prices, shortages and supplies generally, production and marketing methods, and reasonableness of profits within the industry, who would report to the Interstate Commerce Commission which would act as warranted.

### ALVERSON CHANGES PAPER TO REPUBLICAN

### FREIGHT TRAINS WRECKED NEAR CITY

His host of friends over the state will be greatly surprised by announcement of Hon. J. M. Alverson that he has converted his paper, the Harlan Enterprise, into a Republican organ. Alverson is a born and bred democrat of the old school, and has been repeatedly honored by his party. In making his announcement, he says:

Upon the present ownership assuming charge of The Enterprise, it was announced at the outset that the policy of the paper thereafter would be an independent paper. Having been on the ground and in charge of the paper for several months, and becoming acquainted with the people of the community, with the circulation of the paper, and with local conditions generally prevailing here, we are convinced that the policy of our excellent predecessor in conducting a republican newspaper was the correct one, and we have decided to conduct The Harlan Enterprise henceforth as a republican newspaper. However, this does not mean that the paper will interfere in any local or state faction fights in the republican party, but its columns will always be open to the proper use of all candidates for office, and anyone aspiring to a political office can rest assured that he will be treated fairly and squarely by this paper. A newspaper is and should be a community builder, and this is what we propose to make of The Harlan Enterprise. It is our purpose to espouse the cause of and encourage any and all laudable enterprises which look to the development and advancement of the community and of Harlan county. To do this, we hope to have the hearty co-operation of the people of this community and we want them to feel that this is their paper, and that with such co-operation from the people, we hope to make The Enterprise a paper which the people can point to with pardonable pride. In fact we want to see Harlan, with its great industrial interests, grow and prosper like a green bay tree: with better churches, better roads and better schools, and to that end The Enterprise hopes to bend its every energy under the present management.

**FOX HUNTERS MEET  
IN LEXINGTON**

The executive committee of the National Fox Hunters' Association will meet in Lexington Friday to decide where the National fox hunt will be held this year. A delegation from Washington C. H., Ohio, is in Richmond today.

Among those present are W. D. Dahl, Mayor of Washington, C. H. S. T. Gray, W. A. Ford, H. D. Rogers, A. F. Kite, Dr. Neil B. Jones and C. H. Grifis. A large delegation is expected to go over from Richmond and all expect to have a fine time.

**HARDING MAY BE  
AT LEGION MEETING**

(By Associated Press)

New Orleans, Aug. 23.—The Crescent City is preparing to entertain the largest gathering in its history when 150,000 members of the American Legion and other visitors come to the Legion's national convention here October 16-20.

With the tentative acceptance of the convention invitation by President Harding and General Pershing, and the definite acceptance of Major General John A. Lejeune, commandant of the United States Marine Corps, Samuel Gompers, of the American Federation of Labor, and Kenesaw Mountain Landis, commissioner of baseball, the meeting will assume national importance.

Convention officials also expect to entertain a famous marshal of France and other World War notables.

Prominent among the distinguished guests will be twenty-five wearers of the Congressional Medal of Honor, the highest award for bravery made by the United States.

Three freight cars were smashed to pieces early Thursday morning when the northbound freight No. 44 crashed into No. 64 which was lying on a side track. One of the cars was the caboose. Another was a flat car which was loaded with lumber, while the third was a box car loaded with coke. The pieces were scattered everywhere. The engine on No. 44 which ran into the freight cars, got by with little damage. Fortunately, no one was injured.

No. 64 had backed into the sidetrack the night before in order that the trains going north and south could run. About 4 o'clock Thursday morning, No. 44, northbound, was forced to run into the sidetrack to let No. 34, fast passenger train, go north, pass, as is the custom.

Not knowing that No. 64 was on the track, 44 ran right into it at a fair rate of speed. She smashed into the rear end of 64.

A railroad wrecker was called and all hands set to work. The coke was scattered all over the tracks and is being shoveled off.

All trains, freight and passenger, have been tied up all day as the wreck was pretty hard to clear away. Passengers 34, 26, 33 and others were delayed, besides many freights, including Nos. 44, 54

## ORCHARDS GAIN IN FARMERS' INTEREST

(By Associated Press)

Lexington, Ky., Aug. 24—Numerous indications that farmers in many sections of Kentucky are showing increased interest in better orcharding have been brought to the attention out by four orchard tours and meetings in various counties of the state during the last month by the extension division of the College of Agriculture and county agricultural agents in co-operation with farmers' organizations, according to W. W. Magill, orcharding specialist of the college.

The tours, which were a part of the orchard improvement work being carried out by the co-operating agencies, were designed to point out successful orchard practices and to show farmers fruit growers how they might take steps to increase the returns from their fruit trees.

The first tour, which was held in Daviess county early in the month, brought out 20 interested farmers who visited the orchards of J. E. Burton and Walter Wilson in company with Mr. Magill, Ben E. Niles, secretary of the Kentucky State Horticultural Society, and County Agent J. E. McClure. Results being obtained in the orchard of Mr. Wilson through the use of nitrate of soda as a fertilizer and proper spraying methods provided one of the features of this tour.

Trees which received five pounds of nitrate of soda early in the season had a crop of fruit estimated at more than that contained on the trees which received no fertilizer.

The second tour was held in Crittenden county, 40 farmers joining in the trip which took them to the orchards of Will Ward and Dr. F. C. Nunn. The value of orchard sanitation and the control of scale, blotch, scale, codling moth and other fruit diseases and insects was pointed out on this tour by Mr. Magill while Mr. Niles outlined the opportunities of orcharding and stressed the importance of proper fertilization and management. The orchard of Mr. Ward, which was visited on this tour, will be used as a demonstration next year to show farmers the value of recommended orchard practices.

Christian county was the scene of one of the most successful tours during the series, 60 farmers taking part in this one which took in the orchards of C. L. Lowery, J. W. Wheeler, and Will Massie. These three orchards are being conducted as demonstrations by the farmers in co-operation with the college extension division and as a result many valuable pointers on profitable orcharding were explained and emphasized for the benefit of those who took part in the tour.

Because the number of National Guards on duty at Princeton, Indiana, was reduced to 25, engineers and firemen of the Southern Railway, who struck, are back on the job.

Down in Eatonton, Georgia, you'll find real proof of the splendid wearing qualities of Pee Gee Mastic Paint. It was used there some nineteen years ago on the home of Mrs. T. G. Green, who writes the following letter:

"My house was painted with Pee Gee Mastic Paint nineteen years ago, and I want you to tell what will be needed to go over it again. The house is in splendid condition although such a long time has elapsed since it was last painted. One room in which Pee Gee Flatcoat was used nearly twelve years ago is in good condition still, but I want it freshened up."

The great durability of Pee Gee Mastic Paint is due to its 50% of Zinc content ground in pure Linseed Oil and White Lead, making it a Double Pigment Paint.

Pee Gee Mastic Paint produces a tile-like film which successfully resists the elements, does not crack, peel or chalk off.

The high zinc content gives Pee Gee Mastic Paint its unusual covering and wearing capacity. It is by far the most economical paint you can use.

For interior walls and ceiling, use Pee Gee Flatcoat, the modern, sanitary, durable, flat oil finish. Comes in 24 deep, rich velvety colors.

## Rows Her Way Across Atlantic in "Gym" of Steamship America

Dashing Oarswoman in Rowing Machine

New York. There has just arrived from Europe on the steamship America of the United States Lines a pretty American girl who is credited with a new Trans-Atlantic record. The young woman is heralded by her fellow voyagers as having practically rowed her way across the Atlantic.

Miss Rita Cummings, whose home is in Philadelphia, is the young woman to whom the latest sea honor belongs. She has ever been an ardent oarswoman and her preparation for her summer's campaign as the member of a girl's camping colony on the Fulton Chain of Lakes in the Adirondacks. Miss Cummings did her training on the steamship America.

The young woman did not row a boat in the open sea. Rather she did so without danger of splashing her golden tresses or incurring danger from capsizing by rowing her hardest in the gymnasium of the big United States liner. For six hours each day during the nine-day's trip from Bremen to New York Miss Cummings worked at the oars with all the effort of a varsity crewman training for the big regatta.

How many miles the girl rowed during the trip can only be roughly estimated. Passengers who watched the young woman at her training calculated that she rowed at the rate of four miles an hour and credit her with having accomplished about 220 miles during the trip.

The gymnasium of the Steamship America, among its many devices for exercising, is equipped with a rowing machine and to this Miss

## Grain

Grain prices uncertain first of week but worked higher late and closed at net gains. Removal of hedges against sales to exporters improved foreign demand and oversold condition Aug. 22 was responsible for advance. Depressing factors were: Declines at Liverpool; weakness continental exchange and increased Canadian wheat crop. Chicago September wheat 1 3-4 higher. Chicago September corn 1-2c higher. On Aug. 23 wheat market higher early on short covering but with lack of outside support prices sagged in late trading. Liverpool closed higher. Corn unsettled but averaged higher. Country offerings on all grains fair but ear situation hampered movement somewhat. Closing prices in Chicago cash market: No. 2 red winter wheat \$1.05; No. 2 hard winter wheat \$1.06; No. 2 mixed corn 6c; No. 2 yellow corn 6c; No. 3 white oats 6c. Average farm prices: No. 2 noxel corn in central Iowa about 30 1-2c; No. 2 hard winter wheat in central Kansas 85c; No. 1 dark northern wheat in central North Dakota 93c. Closing future prices: Chicago September wheat \$1.02 3-4; Chicago September corn 6c; Minnesota September wheat \$1.95; Kansas City September wheat 96c; Winnipeg October wheat \$1.01 3-4.

## Livestock and Meats

Chicago hog prices showed net declines ranging from 50-80c per 100lbs. Compared with a week ago beef steers were 15-50c lower and butcher cows and heifers 15-35c lower. Veal calves were 50-75c lower but feeder steers were 10-25c higher. Both fat and feeding lambs averaged 25c higher per 100lbs. Yearlings were firm to 25c higher and fat ewes firm to 10c higher. August 23 the Chicago hog market was fairly active but prices were generally 15-25c lower than Tuesday's average. Beef steers were generally steady with a few choice heavy steers strong. Butcher cows and heifers were weak with stockers and feeders strong and veal calves generally steady. Beef and lambs closed strong with spots a shade higher. August 23 Chicago prices: Hogs top \$9.40; butts of sales, \$8.50-9.25; medium and good beef steers \$7.85-10.15; butcher cows and heifers \$3.65-9; feeders \$5.50-8; medium and light weight veal calves \$10.50-12; fat lambs \$12.25-13.25; feeding lambs \$11-12.75; yearlings \$8.75-11.25; fat ewes \$3.50-7.75. Stocker and feeder shipments from 11 important markets during the week ending Aug. 18 were: Cattle and calves \$8,519; hogs 4,206; sheep 5,678.

## Dairy Products

Butter markets about steady during the week. Upward tendency of prices followed the generally firm condition ruling early in week but at the close slightly heavier receipts and light accumulations were elements of influence. Some export inquiry for under grades. Closing prices: Chicago 34c; New York 36c; Philadelphia and Boston 36 1-2c.

YOU can buy a Studebaker Big-Six Touring Car today for \$1650. This is the lowest price ever asked for a car of its striking high quality.

Always a matchless value, the Big-Six stands out today more strikingly than ever in the field of fine cars.

The price of the Big-Six was reduced at a time when Studebaker had unfulfilled orders on hand for more than 15,000 cars. The first seven months of this year were the biggest in Studebaker's 70 years' history. Capacity production lowers costs and Studebaker believes that its manufacturing savings should be shared with the customer. Hence the new low price of the Big-Six.

Dorothy Jardon, Grand-Opera Star, Invents Audience Test

Singer Finds Public Reference Is For Popular Ballads

From grand opera to vaudeville it's not sound like progress to the public but Dorothy Jardon of the Grand Opera fame has a great notion. When she entered vaudeville, claiming music lovers made a cry of protest. They said Miss Jardon was throwing herself away and cited the grand opera opportunities she was giving up.

"They keep my voice heavy and my life miserable," Miss Jardon laughs. "They just wouldn't understand. But to be honest at the risk of being considered eccentric, I must go on record as regarding vaudeville and grand opera of equal importance. Opportunities she was giving up.

Soulful Themes  
Operatic roles are wonderfully satisfying but there's no bigger

thrill than that of putting over a heart stirring ballad like 'Wake Up Little Girl, You're Dreaming' or 'Why Should I Cry Over You' to a great audience.

"For after all, everybody must admit that more music lovers prefer ballads than grand opera. And why shouldn't they have what they want?

"Take 'Why Should I Cry Over You.' It's the kind of melody every love sick youth gets miserable happiness out of soulfully singing in the parlor at twilight.

Instinct Guides Music Tastes

"Besides, even in vaudeville, I sing arias from 'Thais' and 'Zaza.' But I'll tell you one thing—though there's applause aplenty for the aria, there's a positive thunder of approbation for the ballad that follows.

"I don't believe in 'educating the public.' Instinct guides in musical taste and should do so—that's my sentiment."

## WAS A BROKEN-DOWN WOMAN

Then I Began Taking Lydia E. Pinkham's Medicines

Donaldsonville, La.—"I write with pleasure to praise your medicine—Lydia E. Pinkham's Vegetable Compound—which has done so much to restore my health. I was a broken-down woman until my husband brought me a bottle of your Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine. I had been having pains every month and at intervals between, was weak and seemed to be smothering at times, but in a week I felt like another woman. I also used Lydia E. Pinkham's Sanative Wash. It did me a lot of good, too. I cannot praise your medicines too much and will be more than glad to recommend them to any woman who is suffering from female troubles. You may print my testimonial, as it is true."—Mrs. T. A. LANDRY, 612 Miss St., Donaldsonville, La.

Note Mrs. Landry's words: "as it is true." Every letter recommending Lydia E. Pinkham's Vegetable Compound is genuine. It is a statement telling the merits of these medicines just as the women in your own neighborhood tell each other about them. For fifty years Lydia E. Pinkham's Vegetable Compound has sold on merit.

## M'KELLAR RECITES G. O. P. RECORD

Washington, Aug. 24.—A speech on the failures and accomplishments of the republican administration was delivered Wednesday in the Senate by Senator McKellar, of Tennessee, democrat.

Among thirty-six "failures" listed were prohibition enforcement, restoration of normalcy, maintenance of the merchant marine, effective adjustment of foreign relations, re-establishment of peace and trade with Mexico and management of the coal industry and railroads.

"Accomplishments" recited by the Senator included the seating of Senator Newberry, reduction of taxes to the rich, the turning over of large portions of public oil lands to oil trusts, increase of passenger and freight rates, depiction of the people about an association of nations and the furnishing to labor of strikes in abundance and to the former service men millions of cases of unemployment.

## IRISH LEADER'S BODY TAKEN TO DUBLIN

(By Associated Press) Dublin, Ireland, Aug. 24—Draped in the tri-colors of Ireland, the coffin containing the body of Michael Collins, slain chief of Ireland's new Free State government, landed here today after a sea voyage from Cork. It was borne through the streets on a gun carriage preceded by pipers. Prayers were said as the procession passed in silence, broken only by the crack of sniper rifles in various parts of the grief stricken city. An armored car bristling with rifles provided an incongruous end to the cortège.

## MADISON SOLDIER

### SORE ON HAWAII

The Daily Register has received the following letter from a Madison county boy in Uncle Sam's service, which will be read with interest. He writes:

Non-commissioned Officers' School, Ft. DeRussy, (Honolulu) Hawaiian Islands, Aug. 5, 1922.

Editor Daily Register, Richmond, Ky.

Dear Editor—  
I will kindly ask you as a personal friend to put this small "ad" in the Richmond Daily Register, in regard to people from the States coming over to Honolulu on a pleasure trip a vacation or as tourists.

I think I should know by real experience very much about Honolulu, as I have been over here for about 19 months. Some might think that it is paradise over, as that is what they call it; but I can say that it is altogether different from the name.

There is no place to go here except around the islands, and it is 27 miles around the islands, and 27 miles across it. The Waikiki beach of Honolulu is not worth seeing for it is a big make up for tourists to come and see.

I have talked to several tourists from different parts of the world and they say Hawaii is not what they were expecting to see. The only things that you can see in your face at all times is the uncivilized people here. There are some people in the mountains of these small islands that have never seen a white man.

If I was going to make a tourist trip I would prefer to go to Paris or London. There is more there to see in a minute than there is here in 20 years.

Especially for soldiers, when they meet a soldier on the streets of Honolulu they turn their head unless it is on or just after pay day. I am not knocking on the army in Honolulu, for we have to have soldiers here, but there is not a man in uniform over here that is satisfied here in Oahu, for the people have very little use for the soldiers.

There are a few white people here and they are just the same as the natives of the islands. I am sure glad that I have not got to stay in Hawaii for a life time. Take my advise and spend your vacation money some where else for there is nothing to see after coming over here; when you see one place you see them all.

Many people come here to visit Hilo and Honolulu and see the volcano, but there is nothing to it either. I sure hope the people will kindly appreciate this letter.

I am a soldier of Richmond, Ky., and have served under the colors for the last six years, entered the service at the age of 16 and like army life fines and hope to put many more years under the colors. But not in Hawaii for this is the lonesome place I have ever been. A letter from any one would sure be appreciated. Yours very truly,

CHAS. H. POWELL.

## Prohibition Forces

### Hotel To Old Plan

St. Louis, Aug. 24—Prohibition is gradually forcing the hotels of the country back to the American plan, according to delegates assembled here for the annual convention of the International Stevedore's Association, which entered upon its second session today.

"Eating habits of the American hotel guest have been changed by the Volstead act," declared C. H. Harrington, a New York caterer. "The lobster supper patron, the Beau Brummel who dined on chicken a la king—in brief, the evening trade has vanished. Instead the demand is for the heavy meal or the table d'hote dinner," he added. "This change has been met by hotels by featuring club breakfasts, hearty lunches and special combinations of popular dinner dishes."
